

L.A.W App: Legal Access Workspace

OVERVIEW

L.A.W App gives you instant access to all employment and labor regulations in Rwanda private sector—past and present—so you never rely on outdated laws.

For Employers: Stay compliant, reduce legal risks, and save time with accurate, up-to-date labor laws at your fingertips.

A legally sound workplace means a safer, fairer, and more motivated workforce. When employees feel protected and valued, productivity and trust grow.

KEY FEATURES

WHAT EARLY USERS ARE SAYING

"Our life is going to be way much easier. It's just a matter of a few clicks... Baaam! No more flipping through gazettes!"

"The Law Status feature is very relevant. It's great to know when laws were revised or adopted."

"[...]I love that I can find laws about pensions, ministerial orders, and all the changes over time."

L.A.W APP IS THE ANSWER TO YOUR QUESTIONS:

1

How do I keep up with constantly changing labor laws without spending hours on research?

Get instant access to updated labor laws, including amended, repealed, and active regulations—all in one place.

2

What if I miss an important legal update and my company faces penalties?

Stay ahead of compliance risks with automated legal register updates and proactive alerts!

3

Where can I find official labor-related documents without digging through multiple sources?

Download official gazettes, ministerial orders, and key legal documents directly from the platform.

4

Is there an easier way to ensure a fair and safe workplace for employees?"

Know your legal responsibilities, prevent disputes, and foster a productive, trust-driven work environment.

5

How can I make legally sound HR decisions with confidence?

Gain clarity on labor laws, ensuring informed decision-making and a compliant HR strategy.
